Welcome from the Principal…

We hope that each of you have enjoyed your summer, gotten plenty of rest, and our ready to start another great year here at Chesnee High School! The administration, faculty, and staff would like to welcome each of you back to what we are sure will be a successful school year. We achieved so much last year and have nothing but the highest expectations for the 2017-2018 school year, as well.

School life is not all about academics…It’s not all about sports… Most of the time it is about many characteristics that work together to make you successful. Some of these characteristics are integrity, honor, compassion, sympathy, empathy, understanding, humility -the list could go on and on. Sometimes life is about just being a good person and doing the right thing. Along with succeeding in academics and athletics at CHS, we would like to encourage you to learn to combine all of these characteristics to have a successful year.

While living in today’s economic situation we hope that each student here at CHS realizes how important education is to their future success. It is up to each of you to make the decision to have a positive academic experience, work hard, and strive to graduate! Be aware of what courses you are taking and whether or not they have you on the path of success you choose.

Extra-curricular activities are a key component to having a positive school experience. I also want to encourage you all to become involved at CHS by participating in the academic clubs, fine arts, athletics, service clubs and organization. Being involved will make you a better person and it will make our school and community a better place also.

The purpose of this handbook is to be a resource regarding school policies and procedures. It is not all-inclusive and we will make adjustments as necessary relating to individual situations. This information should be useful in making sure you are aware of what to expect and what is expected from each of you.

As always, if you or your parents have questions or concerns, all administration welcomes the opportunity of talking with you. We want to work together to make sure this is a successful year for you and all students at Chesnee High.

Sincerely,
Thomas Ezell
Thomas Ezell, Principal

Each student has a lunch code that is provided by the cafeteria staff. Students can pre-pay for meals by making a deposit into their “account” with the cafeteria staff and using their code to pay for breakfast and/or lunch. This eliminates the necessity of having cash at each meal. Lunch payments and account balances are available for your convenience at www.PayPams.com (a fee is applicable for this online service).

HOMEROOM
All students will be assigned to a homeroom. However, students will only report to homeroom on designated times throughout the year.

STUDENT CARS AT SCHOOL
Students driving a car to be parked at Chesnee High School must have an official school-parking permit and park in designated area. The cost of a permit is $20.00. This parking permit must be displayed hanging from the rearview mirror at all times. Failure to display permit may result in the loss of driving privileges. In the event a student loses his/her permit, a new one may be purchased in the main office for $5.00.

To apply for a parking permit a student must request an application form from school officials and submit this form to the school. Please note that 10 mph is the speed limit on all school grounds as well as the roads leading to the parking lot.
- Drugs and alcoholic beverages are illegal in the vehicle or on the person of anyone on school grounds.
- Students are requested to take keys out of the ignition, put up windows, lock vehicles, and immediately depart the vehicle on arrival to school daily.
- Locked caps on gas tanks are highly recommended and audio equipment should be secured.
- A school official checks the parking lot periodically throughout the day but any problems, damage, or loss will be a matter to be taken up with the county police.
- After arriving in the morning students are not to sit in cars.
- Students should not be in the parking lot during school hours unless they have written permission from an administrator.
- Operating a car in a reckless manner or violation of parking rules may lead to revocation of parking privileges.
- Visitors to the campus are not permitted in the student parking area.
- Students will not be permitted to drive cars to Swofford Career Center.

Students who abuse their driving privilege can have driving privilege taken away to the discretion of the administrator or School Resource Officer. (i.e. leaving campus in a vehicle unauthorized)

TRANSPORTATION POLICY
It is the policy of Chesnee High School that athletic contests and after school activities are extensions of the school program. In order to properly supervise and maintain the well-being of our students, transportation to and from these activities will be provided by the school and students are expected to utilize the school-provided transportation. Students will be expected to return to school with their coach or sponsor since many times there will be meetings or duties that will need to be performed upon returning to school. If parents want their child to return with them after a game or activity, the coach must speak directly with the parent at the end of the game or activity. Parents are asked to keep such requests to a minimum. Except in an emergency, no student will be released early from the game or activity. Students will only be released to their parent or guardian. Any exceptions to this policy must be arranged with school administrators and coaches at least two (2) school days in advance. Students who disregard this policy will be subject to suspension and/or dismissal from the team or club.

Due to travel costs and budget cuts, the following changes have been made in travel policy:
- Junior Varsity football cheerleaders will not travel to “away” games.
- Varsity and junior varsity cheerleaders will not travel to “away” games during basketball season.
- Decisions on travel to play-off or championship games will be made by the athletic director and principal.

ACCIDENT INSURANCE
School accident insurance is available to all students. Any insurance is strictly between these students and the insurance company. It is the student who must have forms completed by physician, dentist, or hospital and have these returned to the school with statements of charges. All students are given copies of insurance policy coverage at the
beginning of school. The student must notify the supervising teacher at the time of any accident and have the claim completed and returned to the insurance company within the time specified by the policy. The school will assist as it can, but the school has no influence with regard to insurance or insurance claims. Students who participate in athletics or attend Swofford Career Center must purchase the school accident insurance, or show proof of having insurance.

School accident insurance is offered for a minimal charge and the benefits it pays are limited. In most cases, only part of the medical costs for an injury will be covered by school accident insurance. This insurance should be a supplement to other insurance policies.

TECHNOLOGY RESOURCES/
INTERNET USE

In order to provide for the appropriate use of the Internet in keeping with the district board policy, the following acceptable use policy has been developed. It requires student and parental agreements as well as employee and guest agreements. All computers having Internet access must be used in a responsible, efficient, ethical and legal manner. Failure to adhere to this acceptable use policy will result in revocation of access privileges and for students, could result in disciplinary actions under school discipline codes. Some violations may also constitute a criminal or civil offense and may result in legal actions being taken.

Internet access is free and is a privilege. A responsible user of the Internet and district computer resources may keep access as long as the user is a staff member or student in the district.

A responsible user may use the Internet to do the following.

- Research assigned classroom projects.
- Send electronic mail to other users.
- Explore other computer accounts.

Unacceptable uses of the Internet which could lead to disciplinary actions include, but are not limited to, the following.

- attempting to log on to the Internet using another person’s account information
- attempting to meet with anyone who has been contacted over the network
- joining discussion or chat groups that do not have a legitimate educational function

In addition, actions directed toward computer equipment that could lead to disciplinary or legal actions and that could be considered vandalism covered under the district’s disciplinary codes include, but are not limited to, the following.

any change in Windows or other software files which require a technical services person to restore the system to its original condition
• removing mouse ball and/or mouse

• placing foreign objects such as paper clips in disk or CD-ROM drives
• removing or altering placement of keyboard keys

• posting chain letters or engaging in spamming; spamming is defined as sending an annoying or unnecessary message to a large number of people

Students in grades K5-12 will have access to the district Internet connection only as part of instructional activities scheduled by the teachers. Students and parents must sign the acceptable use agreement in order to gain authorized access to the district Internet connection. Also, staff members and any guest users must sign an acceptable use agreement for access as well. Principals at each school will be responsible for obtaining and filing parental consent forms. A student must have an approved form on file prior to being allowed access to the Internet.

The principal at each school will designate a school level system administrator who will be responsible for coordinating the activities of all authorized users with access to the district Internet connection. Such responsibilities will include, but are not limited to, the following.

Principals at each school must contact the district office for approval before making software and equipment purchases and building modifications to accommodate computer systems.

Web page guidelines

Permission for posting of student pictures, names and work

Because of the district’s desire to protect its students in the fluid environment of the World Wide Web, we advocate caution to ensure the privacy of students. However, we also understand the need to recognize and share student achievement, activities and awards.

Permission to publish a student's name, picture and/or work must be obtained on a permission form, IFBGA-E1). No student's e-mail address, personal web address, street address or telephone number will be published. Permission must be obtained in any of the following situations.

• if a student is clearly recognizable in a picture
• if a student is singled out in a picture with accompanying text that identifies the student
• if work attributed to a student is posted on a page

Permission is not required for groups of student names as for awards, teams, etc. without an identifying picture of the honored individuals.
DISTRICT ATTENDANCE REGULATIONS
Student Absences and Excuses

Principals have the authority to approve or disapprove any student’s absence, lawful, unlawful, or a combination thereof, of more than 10 days per school year. Principals will review absences in excess of 10 days per year, or 5 days per a semester, 3 days per 9 week course, when they believe verification is needed and use their discretion to initiate an appropriate follow-up. (Code JH-R)

Generally, absences can be divided into four types:

1. Medical
2. School-Sponsored Events
3. Religious Holidays
4. General Absences
5. Medical Absences- The student’s illness is certified by a written excuse from a physician or the school nurse.

Principals may require a student who has accumulated 5 absences in a semester or 3 absences in a 9 weeks course to provide an excuse for all medically related absences in excess of the allowable number.

When a student presents the school administration with a physician’s statement meant to excuse multiple, future absences based on a chronic or extended illness, the principal has the authority to require an additional medical excuse, signed by a physician, for EACH day the student misses school in excess of 5 days for a semester course. The principal or his/her designee may review the absences and use discretion to initiate a follow up. This may include, but is not limited to, contacting the student’s physician in order to confirm the excuse, or requesting a release from the parents or guardians to confer with the student’s physician and/or obtain additional medical documentation regarding the student’s absences and the reason for the absences.

After 5 absences in a semester, the student may be referred to a committee to consider whether an evaluation and a written plan to address health related issues and absenteeism are required. The principal may also inform the parent that homebound instruction is available to those students who qualify under State law and District policies and procedures. This rule does not prevent a principal or his/her designee from referring a student with a chronic or extended illness to the homebound instruction where absences do not exceed the allowable absences when appropriate.

- School Sponsored Activities- With prior approval from the principal, students may be excused for a portion of or the entire school day for school sponsored activities such as field trips, academic competitions, athletic events, or other extracurricular activities.
- Religious Holidays- Students will be excused for days recognized by their religion as religious holidays.
- General Absences- All other absences.

The principal and superintendent or his/her designee will consider the extenuating circumstances when appealed to the principal for absences, which cause the student to be denied credit. The principal at each school will serve as the designee for contacting student who is in violation of the attendance regulation. Principals will make the decision to allow student to attend “Attendance Recovery” to make up an absence.

High School Policy- Students will be allowed five unlawful absences per semester. The principal may allow additional days for school activities that will not count in the five-day total. Violations of these regulations may result in non-credit in the course.

Intervention- When students have three consecutive or a total of five unexcused absences, the school will contact parent/legal guardians and develop a plan for improved attendance. Students exceeding five days of unexcused absences may be reported to family court.

Parent/Guardian Notification- Parents/Guardians will be notified by phone or letter when a student cuts school. A copy of the notice or documented phone call will be kept on file by the school administration.

Note: Any excuses altered, copied, or forged by a student or parent/guardian will be subject to discipline measures for the student and the student may not receive course credit. Please advise the doctor’s office that the school may contact them to verify excuses. Make sure a contact name and number is listed on the excuse. The school nurse may contact doctors’ offices to verify doctor’s excuses and visits.
Students will have the option of attending Attendance Recovery class to enable the student to change unlawful absences to lawful absences. A fee will be charged for this option and a truancy intervention plan will be put into place before being allowed to attend Attendance Recovery class.

The following Attendance Recovery Classes will be offered at the end of each semester. Students who exceed the allotted number of absences after considering medical excuses and Attendance Recovery Classes WILL NOT RECEIVE CREDIT FOR THE COURSE.

ALL students will be required to take an end of semester exam. Exams will count as 20% of the course grade.

**Dismissal Procedures**

Students will not be allowed to leave the school campus and return later the same day unless they have a medical/dental appointment or have the permission of an administrator. If a student has a medical/dental appointment, he/she should present documentation of the appointment when returning to school.

The school will contact doctors’ offices to verify doctor’s excuses and visits.

In order for a student to be dismissed from school with a parent note, the note should contain the following information: name of student, date, reason for leaving, phone number of parent, and signature of parent. Students who are dismissed with a parent note for any reason, other than a medical/dental appointment, will not be allowed to return to school that day. Students will only be excused at the end of a regular class period. Students and parents should be aware of class schedules when making appointments.

Students are free to select the courses they desire and teacher schedules are based on student course demands. Students are permitted to make changes in course requests from registration until May 31st. Student schedules will NOT BE CHANGED after May 31st unless approved by the principal. Occasionally, a student will attempt an academic class that is too difficult. If a student is struggling with an academic class, consideration will be given during the first five (5) days of class to allow that student to withdraw from the class with a "Withdrawn Passing" grade. Any changes in students' schedules must be made through the guidance office. In order to be a student at Chesnee High School, a student must be enrolled in three classes per semester and attend those classes regularly.

Twenty percent (20%) of a student’s grade will be determined by a minimum of 6 separate minor tests, homework, pop quizzes or reports per nine weeks. The semester average will still be determined by averaging the two 9 week’s grades and counting the final exam as 20%. Teachers will not assign projects for extra credit.

CHESNEE HIGH RENAISSANCE PROGRAM
In an effort to recognize and reward academic excellence, Chesnee High School has established a Renaissance Program. The program is geared toward rewarding the academic achievers of our school. High school educators share ideas and information with each other on making learning a more meaningful experience. The program is based on this principle: if you reward and recognize people with incentives they value, they will perform well. Renaissance uses this simple understanding of human nature to encourage better academic performance by creating reward and recognition programs.

**TESTING INFORMATION**

**ACT** - The American College Testing Program is the counterpart to the SAT. All colleges will accept the ACT for admissions. Applications are online and instructions are available in the guidance office.

**ADVANCED PLACEMENT TESTS** - These tests are for seniors and juniors who are enrolled in an advanced placement course. If a student scores high enough he may receive college credit for work done during his senior or junior year of high school.

**ASVAB** - The Armed Services Vocational Aptitude Battery is a test which measures aptitude ability for services in the military. It is available at no cost to juniors and seniors as a career interest test.

**PSAT/NMSQT** - The Preliminary Scholastic Aptitude Test/National Merit Scholarship Qualifying Test is offered in October. This two-hour version of the College Board Scholastic Aptitude Test is recommended for all juniors and sophomores who wish to go to college. The PSAT/NMSQT also determines those students who receive recognition and financial assistance through the National Merit Foundation.

**SAT I TESTS** - The College Entrance Examination Board’s Scholastic Aptitude Test is a three-hour objective test in critical reading, writing, and math abilities. This test provides an approximation of a student’s ability to achieve on the college level and is required for admittance to most colleges.

**SAT II TESTS** - These tests administered by the College Entrance Examination Board determine what students have learned in specific subject areas. Some colleges require these for placement. They are given along with the SAT in the fall and spring.

**EOC TESTS** – Students enrolled in English I, Algebra I, Algebra 2A, Biology or Biology Honors, US History or US History Honors will take and End Of Course Examination administered at the high school through the SC Department of Education. This exam will count as 20% of their course average.

It is suggested that Juniors meet with the Guidance Counselor during Spring of their Junior year to determine the appropriate college assessment to showcase their academic performance for post-secondary planning.

**Guidance**

The Guidance Department of Chesnee High School provides a helping relationship. Our aim is to help each student develop self-direction, recognize and cope with his/her challenges, help him/her appreciate the dignity of work, and move forward to their ambitions. In order to achieve this goal, the guidance department offers help in the selection of courses, interpretation of test scores, vocational information about scholarships, grants, and post-secondary training.

**Chesnee High School Redo Policy**

In an effort to increase student achievement at CHS, students will be given the opportunity to redo a major test if he or she fails to pass the assessment.

**Guidelines:**
- Only major test are eligible for redo
- Students will have five school days from the date of the initial grade being issued to redo the assessment.
Students must get extra help or make corrections to initial test before redo. Each department will set their own guidelines for extra help.

Students must redo all of the questions that are missed on the initial assessment.

Students will receive half credit for each question answered correctly on the redo.

Students will receive a 60 on any redo.

No major tests will be given the last week of the SEMESTER is reserved for exam review, project completion, and test redos. It is understood those teachers with EOCs may be giving a Major Test on Exam Day.

Medical Information
The nurse will not see students unless a teacher has given that student a note listing the student’s name, teacher’s name, and the time the student left class. After seeing the nurse, the student will be sent back to class with his/her name and the time on the note. If being sent home, the student will be sent from the nurse to guidance for checkout.

Blood Pressure Screening
As mandated for permanent records by the state department, all 11th graders will be given a blood pressure screening.

Medication Procedures
Chesnee High School recognizes that there are times when students need to take prescription drugs during the school day. If a student must have prescription or controlled substance medication (any drug prescribed by a doctor on a written prescription) daily, either on a short-term or long-term basis, then the parent must follow procedures in the district regulations.

- The school will not administer prescription medicines unless authorized by a parent on the proper form.
- The form will need to be renewed each year.
- A separate form is needed for each prescription.
- Only prescriptions from licensed physicians will be accepted and the principal has the discretion to reject requests for administration of medicine.
- Medications must be brought to the school by the parent/guardian in a current, individual, pharmacy-labeled container. DO NOT send medications by the student.
- Medications will be kept in a locked container in the nurse’s office.
- Changes in dosage will require written notification from the student's doctor.
- Students may keep inhalers/epi-pens in their possession if stated on doctor's orders. However, parent/guardian of students with these items are required to complete paperwork with the nurse.
- The same regulations apply to students on field trips.
- If a student distributes drugs (over-the-counter, controlled or prescription) to another student, they will be subject to the same drug penalties listed in the discipline code.

STUDENT DISCIPLINE POLICY
At all times, students are required to conduct themselves in a manner that will not be contrary to the best interests of the school. Conduct of the student in any manner that materially disrupts class work, or involves substantial disorder or invasion of the rights of others is a basis for suspension or expulsion of the student.

When a student is sent to the office or a problem is reported to the office, the problem will be investigated by an assistant principal or principal. During this process, the student will be informed of the problem and given an opportunity to provide information regarding the matter. Once this information has been gathered, the school administrator will make a determination of the appropriate punishment. If a suspension or recommendation for expulsion is determined to be necessary, the student's parents will be notified and given the opportunity to meet with an administrator. Parents have the right to appeal the decision of the school administrator. Should a parent decide to appeal a suspension or expulsion the appeals procedure will be provided to the parent.

POLICY GOVERNING SUSPENSION AND EXPULSION OF STUDENTS
A student may be suspended or expelled for committing any crime, gross immorality, gross misbehavior, persistent disobedience, or for violating the written rules and regulations established by Chesnee High School or the Board of
Trustees. A student may also be suspended or expelled when his/her presence is detrimental to the best interest of the school. The expelled student shall have the right to petition for readmission for the succeeding school year. Expulsion shall not preclude enrollment in Adult Education.

**TYPES OF SUSPENSIONS AND DETENTIONS FOR HIGH SCHOOL STUDENTS**

Major disciplinary actions will be handled in three ways: (1) after-school detention, (2) in-school suspension and (3) out-of-school suspension. Students assigned to after-school detention will be expected to report to the detention classroom promptly. He/She will be required to bring some type of schoolwork to complete during the detention period. Students must keep themselves busy during detention. If a student does not work or chooses to disrupt the detention in any way, he/she will be suspended, or given ISS.

In-school suspension is held during the school day for the entire day. A student assigned to in-school suspension will be given assignments from his/her teachers. Students in in-school suspension are expected to be quiet at all times and to complete all assignments. Students will be counted present in their classes during the time they are in in-school suspension. If a student fails to complete all assignments or does not follow the rules of in-school suspension, he/she will be assigned additional time in in-school suspension or be given an out-of-school suspension.

When a school administrator assigns a student to out-of-school suspension, the student will be denied the privilege of attending school for the number of days of his/her punishment. The student is also not allowed to attend any school-sponsored activity during the suspension.

**REPEAT OFFENDERS**

Students who are guilty of multiple offenses must appear before the district discipline committee. If the student is to remain in school, he/she will be placed on a strict behavioral contract. If the student violates this contract, he/she will be recommended for expulsion.

**EXTRACURRICULAR ACTIVITIES**

Students and family members who are guilty of misconduct at any school-sponsored event such as a dance or ballgame will lose the privilege of attending such events. Students who are representing Chesnee High School in extracurricular activities are expected to conduct themselves properly. This includes, but is not limited to athletes, cheerleaders, band or chorus members, and club members. If a student loses the privilege to attend after-school events, he or she will also lose the privilege to represent Chesnee High School for part or all of the school year.

**CRIMINAL OFFENSE/POLICE INVOLVEMENT**

Students at Chesnee High School need to be aware that criminal activities committed on school grounds and/or at school functions will result in police intervention. Just because a student is in the school building or on the school grounds does not exempt him/her from legal action or being arrested by the police. Criminal actions include, but are not limited to: assault, burglary, and possession of drugs or weapons.

**CHEATING**

Cheating is a serious offense. Any use of another person's work or an unapproved source of information for an assignment or test will be considered an attempt to cheat. Students who are guilty of cheating will lose credit for the assignment or test. If a student loses credit for an assignment or test because of cheating, he/she will not be given an opportunity to make-up the test or assignment.

**SEARCH AND SEIZURE**

Under the provisions of a law passed by the General Assembly of the State of South Carolina, and based on a U.S. Supreme Court decision, searches will be conducted according to the following guidelines:

1. Any person entering Chesnee High property shall be deemed to have consented to a reasonable search of his person and effects.
2. School officials may conduct reasonable searches on school property of lockers, desks, vehicles, and personal belongings such as purses, wallets, and satchels with or without probable cause.
3. School principals or their designees may conduct reasonable searches of the person and property of visitors on school premises. Vehicles are also subject to search under reasonable suspension by school administrators.
4. No strip searches will be conducted.
5. Lockers are school property and are loaned to students as a convenience. Therefore, the administration reserves the right to search a student’s locker at Chesnee High School. This includes hall, gym, and athletic lockers. Students cannot expect their lockers to be free from inspection when the administration considers a search necessary to maintain the safety or the integrity of the school.
6. The school and the administration reserves the right to seize any prohibited item defined in this handbook. Items that are not illegal but banned from the campus shall be turned over to the parents or returned to the student at the end of the school year. **Items that are illegal (weapons, drugs, etc.) will be turned over to law enforcement authorities.**

**CANINE SEARCHES**

1. District Two Schools has contracted with an outside agency to assist with periodic, unannounced searches of the school, school grounds, and all personal property on school grounds. The outside agency uses highly trained dogs to search for a variety of contraband - to include, but not limited to, drugs and weapons.
2. Be aware that vehicles and other personal property are subject to search as by state law. If any contraband is found, law enforcement officials will be contacted. Parents will be contacted, and an arrest is likely. Contraband may include but is not limited to the following: Any type of illegal drug or controlled substance; any kind of weapon. Please note that many times the searches will result in discipline offenses for tobacco violations, beepers, cellular phones, etc.

**THE PURPOSE OF THIS PROGRAM IS TO DISCOURAGE AND PREVENT ILLEGAL AND PROHIBITED MATERIAL FROM ENTERING THIS CAMPUS SO THAT A SAFE AND ORDERLY ENVIRONMENT IS POSSIBLE. ALL PROPERTY AND PEOPLE ON THIS CAMPUS (NOT JUST STUDENTS) ARE SUBJECT TO THIS POLICY.**

**STUDENT DISCIPLINE POLICY**

In order to maintain a school climate in which the youth of our school can live, learn and flourish, it is vitally necessary for all students to assume responsibility for their behavior.

Therefore, in order to aid students in making appropriate decisions governing their behavior, this Discipline Policy has been established. While the examples are not intended to be all-inclusive, they are illustrative of the types of behavior that are inconsistent with the proper maintenance and function of an effective program in our school.

Serious offenses which pose a potential threat of harm to students or staff will be treated more severely.

Additionally, students are prohibited from directing inappropriate conduct of a sexual nature toward employees, whether of the opposite or same sex.

**Behavior Prohibited of All Employees and Students**

No employee or student of this District will create a sexually hostile, offensive, or charged educational environment for any student by engaging in any sexual harassment or inappropriate conduct of a sexual nature with a student. No employee or student of this District will assist any individual in doing any act that constitutes sexual harassment or inappropriate conduct of a sexual nature against any student.

Any student who believes that he/she has been the object of, or witness to, sexual harassment or inappropriate conduct of a sexual nature is encouraged to file a complaint with the principal or designated contact persons at his/her school. A parent may also file a complaint on behalf of his/her child. However, under no circumstances will a student or employee be required to first report such allegations to the principal or designated contact persons if that person is the individual who is accused of the harassment or inappropriate conduct. In such cases, the student or employee should file the complaint with the District's Title IX Coordinator. All allegations will be investigated in an appropriate manner. All employees and students will cooperate with and maintain the confidentiality of any investigation of alleged acts of sexual harassment or inappropriate conduct conducted by the District or by an appropriate governmental agency. No employee or student of this District will take any action to discourage any student from reporting alleged sexual harassment or
inappropriate conduct of a sexual nature. The District's Sexual Harassment Policy can be accessed in its entirety at www.spartanburg2.k12.sc.us.

**Sexual Discrimination and Harassment of Students**

Sexual harassment of students includes unwelcome sexual advances, requests for sexual favors, or other verbal or physical conduct of a sexual nature, which does the following: (1) is made a condition so that submission to such conduct is either expressly or impliedly a condition of the student's participation in an educational program or activity; (2) has an educational consequence, so that submission to or rejection of such conduct is used as a basis for an educational decision affecting a student; or (3) is an offensive educational interference, so that such conduct has the purpose or effect of unreasonably interfering with a student's performance or creating an intimidating, hostile, or offensive educational environment. Sexual harassment may include, but is not limited to, the following: (1) verbal harassment including epithets, sexually offensive comments or slurs; (2) physical harassment or physical interference with movement or work; or (3) visual harassment such as sexually offensive cartoons, drawings or posters. Sexual harassment is prohibited against members of the opposite sex as well as against members of the same sex.

**Senior Pranks:** Any senior caught violating administrative rules covered under Level III - Criminal Conduct offenses, resulting in a multiple day suspension, and considered to be a senior prank will result in that senior losing the right to participate in graduating exercises with his/her class in addition to any other punishment imposed by administration. This is a standard set forth by Spartanburg County District 2 and will be adhered to strictly.

**SCHOOL BUS DISCIPLINE POLICY**

The School Board of Spartanburg County School District Two, the Superintendent and District Administrators are concerned about the health and safety of all students in the district. Therefore, we are certainly concerned about student passengers and driver safety where buses are concerned. Although riding a bus is a privilege afforded our students, the Board and District Administration feel that this privilege should not be abused. Necessary action will be taken promptly at all times. Where there is evidence of misconduct by either the passengers or drivers on our buses, immediate action will be taken to correct the situation and/or remove the passenger(s) or driver(s) from the bus (es).

The Directors of Transportation will have the responsibility of supervising the drivers, and the respective school principals and/or assistant principals will investigate and enforce the bus discipline code of the district in dealing with passengers.

The South Carolina Code of Laws Section 59-67-240 specifically addressed the topic of conduct where bus passengers are concerned. 59-67-240. Other duties of driver: discipline of pupils for misconduct.

The driver of each school bus shall cooperate with the teachers in their work in the school to which he is transporting pupils by being on time in the mornings and waiting in the afternoons until all his pupils are dismissed by the school faculty and safely aboard his bus. He also shall take particular notice along his route in the mornings and give pupils within sight a reasonable time in which to board the bus. The driver shall be responsible for maintaining good conduct upon his bus and shall report promptly to the governing head of the school to or from which the pupils are transported any misconduct or any violation of the driver's instructions by any person riding in his bus.

District boards of school trustees in this state may authorize school administrators to suspend or expel pupils from riding a school bus for misconduct on the bus or for violating instructions of the driver.

This section and others which are applicable to buses and pupil transportation will be used to enforce appropriate student conduct on all District Two buses.

Neither the Board of Trustees, Superintendent, nor the District Two Administrators will tolerate behavior that might lead to an accident or injury on our buses. The privilege of riding a bus will, when necessary, be denied as the safety of District Two students is of utmost importance.

The state law states that the school bus driver shall be responsible for the conduct of the passengers while riding in the bus under his control, and that the driver shall report to the school authorities, to or from which the students are transported, any offenses committed by the student on the bus.
Each bus driver should know the students who are to ride his or her bus. If a bus driver permits an unauthorized student to ride his/her bus, he/she will be subject to a possible suspension.

Realizing that the maintenance of good discipline on a school bus is a very difficult task, our drivers need all the help which the principals can render to them. Each school bus incident report is to be mailed to parents.

All existing regulations and laws in the state of South Carolina, as they apply to pupil transportation, will be enforced by the appropriate school officials and/or other authorities. These regulations/laws will be applied to any reported misconduct and subsequent disposition of cases of misconduct.

Should there be misconduct reported that is not addressed in the levels presented here, the individual principals will use their discretion in dealing with the matters. The Directors of Transportation are always available for conferences and/or consultation where misconduct referrals are concerned.

When incidences occur involving students from two or more schools, the administrators in charge of buses at each school shall consult with each other as to the disposition of the problem.

When a student is suspended from riding a bus, he/she cannot ride another bus during the suspension. Should a student ride another bus while under suspension from his/her regular bus, he/she will be subjected to further disciplinary action by his/her school authorities and a parental conference will be required.

Any student who has been referred in any previous year beginning in grade 6 and has reached the point where he/she has been removed from the bus for the remainder of the school year can be removed from the bus for the remainder of any new school year if he/she is referred due to any misconduct on the buses of School District Two. All records (bus referrals) of those students who have been removed from the bus for a school year will be forwarded to the high school principal from the middle schools so that appropriate decisions can be made regarding student misconduct. Care should be taken to see that the Directors of Transportation will also monitor those students who have been chronic problems on the district buses.

**IMPORTANT NOTICE**—**BUS RIDERS Effective January 5, 2009:** Due to most buses being at or near capacity, parent notes authorizing students to ride on an unassigned bus can no longer be honored automatically. Permission to ride a different bus cannot be granted except in critical circumstances that should be discussed with the student’s principal in advance. Unexpected riders can result in overcrowded buses or extra routes. With parent authorization, students have in the past been allowed to ride home with a friend on the friend’s bus. To keep numbers within capacity, only students assigned to a bus will be allowed to ride that bus unless an exception is granted for an unusual situation that can be accommodated. We appreciate your understanding as we implement this change with student safety in mind. Band instruments, sports equipment or bags, book bags and other carry-on items must be held in the lap. If items are too large or the student has too much to hold, other transportation to and from school should be arranged.

Occasionally, bus delays may occur due to driver illness, mechanical problems, etc. To aid parents in obtaining information concerning interruptions in bus schedules, the district has implemented a voice mail telephone service. The bus information number is 461-9888; a message will apprise you of any delays. If you have further questions or need additional information, please call the Transportation Office at 599-9564.

DIRECTORY INFORMATION

Students participate in a variety of school-related events and activities that are subject to some form of publicity—from honor rolls to media coverage of special events. In publicizing student accomplishments or school events, due care is taken to ensure that it serves the best interest of students. A school or district office employee is present whenever a student is photographed or interviewed. Information about students may appear in newspaper articles, on television, in radio broadcasts, on displays, on the World Wide Web, or in district or school promotional pieces (school annuals, brochures, fliers, newsletters, programs for sports or cultural events, television shows, videotape, websites, etc.).

The Family Educational Rights and Privacy Act allows schools to release “directory information,” i.e., student’s name, address, telephone number, date and place of birth, photograph (the District considers photographs to include digital images, including digital photographs and recordings related to school- or district-sponsored events, activities, and special recognition, as directory information; video surveillance footage of school buses or school property, however, is not considered directory information), subjects of study, participation in officially recognized activities and sports, weight and height of athletic team members, dates of attendance, diploma or certificate and awards received, the most recent previous school attended, and other similar information. In addition, federal laws require schools to provide military recruiters, upon request, with three directory information categories—names, addresses, and telephone listings—unless parents have advised the school that they do not want their student's information disclosed. If for some reason you object to your child’s inclusion/identification in publicized school recognitions/events/activities, including a school- or District-maintained website/Facebook page, or wish to opt out of the provision for contact information to the military, you must, within 15 days of registration, advise the principal in writing (annually) of the specific type of directory information to withhold.

EDUCATION RECORDS

A student’s cumulative education record contains directory information, scholastic information, standardized test data, health records, and other similar information. Individual student records are not available for public inspection. However, the Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age (“eligible students”) certain rights with respect to the student’s education records:

1. To inspect and review the student’s education records within 45 days of receipt of written request for access

   Parents or eligible students should write to the school principal, identifying the record(s) that they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. To request the amendment of the student’s education records that the parent or eligible student believes to be inaccurate or misleading (FERPA provisions do not apply to grades and educational decisions made by school personnel)

   Parents or eligible students may ask Spartanburg County School District Two to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identifying the part of the record they want changed and specifying why it is inaccurate or misleading.

   If the district decides not to amend the record as requested by the parent or eligible student, the district will notify the parent or eligible student of the decision and of the right to a hearing regarding the request for amendment. With this notification, the district will provide additional information regarding hearing procedures.

3. To consent to disclosures of personally identifiable information contained in the student’s records, except to the extent that FERPA authorizes disclosure without consent

   One exception that permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the district as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement personnel); a person serving on the school board; a person/company with whom the district has contracted to perform a special task (such as an attorney, auditor, medical consultant or therapist); or a parent or student serving on an official committee (such as disciplinary or grievance committee) or assisting a school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request and without consent, the district discloses education records to officials of another school district in which a student seeks or intends to enroll.

4. To file a complaint with the US Department of Education concerning alleged failures by the district to comply with the requirements of FERPA
